Two Thousand Pounds of Destruction

Meet Staff Sergeant Neil T. Pezzola, left. His activity as shown in the photograph above must seem far removed from Daly City, his home-town, but it seems to be an important part of getting the war won. He and Corporal Robert S. Prosser, a 19-year-old from Maine, are swinging two thousand pounds of destruction into position so that it can be wheeled to the bomb bay of a 15th AAF Liberator bomber stationed in Italy.

Sergeant Pezzola, 21, is the son of Mr. and Mrs. Louis J. Pezzola, 156 Miriam street, Daly City. He was sent overseas for action with the U. S. Army Air Corps in June of this year. He took his training at Clovis, New Mexico.

In the photograph above National and Regional colors are being carried by a color guard of the Army Specialized Training Reserve program at Stanford university during the evening retreat ceremony. The young man at the left is Private Stedman E. Prescott, son of Mr. and Mrs. S. E. Prescott, 90 Partridge lane, Daly City.

A graduate of Jefferson Union high school, Prescott is one of the trainees in the reserve program for young men who have not yet reached their eighteenth birthdays. They are at the university receiving training at government expense that will better prepare them for Army service when called to active duty after they become 18.

Local Girl Is Marine Sales Clerk

At the Leatherneck Air Station in Edenton, North Carolina, Private Kathleen M. DeRosa, 90 Oliver street, serves as a clerk in the post exchange. Here she is shown selling a field scarf (G. I. for tie) to one of the Marines on the base. Wife of Navy Machinist's Mate First Class Jack DeRosa, she is a graduate of Girls' high school and the Academy of Fashion Design.

Mrs. DeRosa is the daughter of Mr. and Mrs. Peter McInnes.

School Recovers Two Instruments

Whether he just wasn't any good at playing the marimba and alto saxophone or whether the theft of the two instruments seemed just a little too publicized for comfort, the intruder who took them from the administration building of the Jefferson School district, September 10, surreptitiously left them on the steps of the high school gymnasium, Monday morning, September 18. The set of bells is still missing and R. L. Crane jr., superintendent, advised anyone encountering the melodious sound of bells in an unaccustomed place to call local police, who have been investigating the case.

Sailors Joseph McCarthy and Wagner from Tanforan were jailed by Daly City Police, September 17, 12:45 a. m., when they created an uproar in front of Theatre Grill. Officers Roland A. Petrocchi, Roy Beecher, Edward Beecher, James Welsh and Police Commissioner Eugene Lynch arrested the pair, who were swearing and arguing. Wagner had to be handcuffed and when the cuffs were taken off at the station he started fighting again. The two

Houser To Visit Daly City, Sept. 28

Fred Houser, candidate for United States Senator, will be in Daly City, Thursday, September 28, during his visit to San Mateo county. At 4:30 p. m. a reception will be held for him at the city hall, 75 Wellington avenue. The public is invited.

At 5:30 p. m. the candidate will be guest of honor at a private dinner party at Uncle Tom's Cabin, San Bruno. At 8 p. m. he will attend a big rally at San Mateo baseball park.

Houser was elected lieutenant governor of the state two years ago with a margin that must properly be credited to Democratic support as he was elected with the Republican vote and one-third of the state's Democratic vote.

Draft Board Gets October Requests

Daly City Draft Board No. 103 announces that it has received two calls for October. Thirty-six men are to be supplied to take pre-induction physical examinations, Tuesday, October 31. The only actual induction quota for next month is for three men, October 23.

Last night, September 20, at headquarters in the city hall, 75 Wellington avenue, a special meeting was held to study necessary arrangements and procedures for serving returning veterans of the war. Present were Dr. J. C. McGovern, board chairman; Commander F. Edward Walker, district coordinator from San Francisco; A. J. Welte, re-employment chairman, South San Francisco; Bernard Cohen, from the U. S. E. S. office in South San Francisco; Mrs. Isabelle Flynn, chief clerk at the board office.

BAZAAR DATES

September 29, 30 and October 1 are the dates for this year's bazaar to benefit Our Lady of Perpetual Help church. The event, which always attracts hundreds of local residents to participate in its festivities, will be held in the school yard next to the church, 60 Wellington avenue. A large committee has been named to complete arrangements for the gala occasion.

"The bazaar will soon be here. It's our biggest public program of the year and we hope for an excellent turnout. Everyone's invited," the committee said.

Daly City Youth Falls From Downtown Window

In a freak accident, Monday, September 18, Ray Pacheco, 18-year-old Daly City youth, was critically injured. While washing windows at 60 Sansome street, he fell from a third story window ledge during the noon rush hour. He sustained a fractured skull and internal injuries. In his fall, he hit a San Francisco attorney, Richard O'Connor, who suffered shock; cuts and bruises.

Witnesses at the busy intersection of Bush and Sansome streets stated that Pacheco had apparently unbuckled his safety belt and raised his foot to step back inside the window when he slipped and tumbled backwards.

Tuesday, Pacheco, the son of Mrs. Mark L. Anglin, 138 Evergreen avenue, was transferred to San Francisco hospital.

Berthold Stuehler To Receive Degree

Berthold Richard Stuehler jr., son of Mrs. Frances Stuehler, 136 Peoria street, Daly City, will receive his Doctor of Medicine degree at commencement exercises, September 21 and 22 at Creighton university, Omaha, Nebraska.

Stuehler is a member of the third class to graduate under the accelerated wartime program. In normal times his medical course would have required four years. Stuehler will receive his degree after exactly two calendar years of undergraduate work.

Commencement exercises consist of three ceremonies. The senior-alumni banquet, Thursday, September 21, at which Stuehler will be initiated into the Creighton Alumni association. The bac-

Announce Quota For D. C. War Chest

Mrs. Clara E. Lane has received Daly City's War Chest quota. It's $2,950. This amount will call for generosity on the part of local residents and in addition it will call for enthusiastic volunteer help, especially from women of the community who will make the house-to-house canvass for donations in October.

Mrs. Lane asked that Daly City people "give with all their hearts" this year. Anyone who will volunteer to help collect the sorely needed funds in October may contact her at RAndolph 4503, or her division leaders, Mrs. Cecelia Hale, DElaware 9415; Mrs. Hazel Marsh, RAndolph 0690; Mrs. Mary Crane, RAndolph 6479.

Daly City's drive is part of the San Mateo County War Chest campaign which opens, October 2, for two weeks, embracing every community in the county.

"The county War Chest this year should receive greater support than it did last year because this time we are faced with the task of raising a county quota of $215,000 by public subscription in our county and without any outside aid," explained George J. Davis, chairman of the War Chest Executive committee.

"You see last year the county War Chest was given a credit of $60,000 by the California War Chest in consideration for the contributions made by residents of this county to outside war chests.

"This year we will NOT receive such a credit which means we are on our own and must make our contributions count.

"The San Mateo County War Chest is actually San Mateo county's community chest. It is called the 'War Chest' because it not only benefits such worthy local organizations as the Boy Scouts, Girl Scouts, (five councils), YMCA, San Mateo County Preventorium, San Mateo County Blood Bank, San Mateo County

Principal Invites Public To Attend

Adults of the community are invited to utilize the many opportunities for training offered by Jefferson Union high school in its night school classes. Classes will meet each Tuesday and Thursday evening from 7 to 9 o'clock, starting, September 26. District Superintendent Stanford Hanna issued the announcement of the night school plans.

English for foreign-born residents will be taught by Walter Griffith. This class will be for beginners and those who have had some training but wish to improve their use of the language.

Typing and stenography will be taught by Miss Dorothy Smith. Beginners and advanced students can be accommodated in both classes.

Bookkeeping and machine calculation will be taught by Mrs. Marjorie Reandeau. Elementary or advanced bookkeeping will be offered. The machine calculation work will include the Comptometer, Monroe, and Sundstrand. The use of duplicating machines may also be mastered in this class.

A course in youth leadership training has been requested and will be given if there is sufficient enrollment. This work will include training in music appreciation, directing, group singing, youth games, organization work. Miss Ella Redkey, R. J. Gale, and Adolph Hansen are the probable teachers of this course.

A continuation class in auto mechanics will be available for boys between 16 and 18 years of age, who are working with permits and who must attend school 4 hours per week. Claude Hackley, the day school instructor, will teach this class. The inauguration of this class will make it possible for the boys to obtain valuable training and to meet the continuation attendance requirements with convenience.

No preliminary registration is necessary. Those wishing to enter need only come to the Jefferson Union high school office, Tuesday or Thursday evening, beginning September 26. The secretary will direct them to the proper rooms.

The high school pool will be open to the public Monday through Friday evenings from 7 to 9:30 o'clock with Wednesday reserved for women. There are Saturday afternoon hours, 2 to 4:30 p. m. but Saturday night is reserved for private groups only and no regular public sessions are held.

Board Up To Date Mailing "A" Books

Tuesday morning, September 19, O. P. A. Board No. 83-12-3, which handles rationing for Daly City, announced that it was up to date on applications for new "A" gasoline books. Miss Genevieve Blue, chief clerk at the board office, 470 Grand avenue, South San Francisco, predicted that many motorists have neglected to send in their applications on time. She warned that late applicants will simply have to expect delay as the large crew of volunteers recruited for the special task of issuing the new "A" books plans to wind up their work, this week, and only the small, regular

During vacation, many pupils of Room 6 helped the war effort by picking peaches and canning fruit. Cecil Valverde, who spent part of his vacation at Camp Kent, was among the Room 6 youngsters who enjoyed summer outings.

REMOVE TREE

The **Daly City Street department** devoted most of Tuesday, September 19, to removing a large Acacia tree from Miriam street, just below Citrus avenue. Termed a hazard by the department, the tree interfered with telephone, P. G. and E., and fire alarm system wires in the area.

CURRENT DALY CITY THEATRE ATTRACTION

The tense drama of human conflict engulfs Dean Harens, left, Deanna Durbin and Gene Kelly in "Christmas Holiday," Universal's superb picturization of W. Somerset Maugham's noted novel. Kelly portrays Miss Durbin's first screen husband.

Deanna Durbin Proves Mettle As Actress In "Christmas Holiday" Now At Daly City

Deanna Durbin, for several years Hollywood's top singing star, now emerges as one of the screen's top-ranking actresses as well.

Any question which may have been entertained regarding the ability of the lovely songstress to successfully invade the sphere of pure drama is now dispelled. Her new Universal picture "Christmas Holiday" now at the Daly City theatre, proves beyond doubt that Miss Durbin can, effortlessly, hold her own in any company of dramatic artists. Her performance in her first sheerly dramatic role is flawless.

The picture, adapted from W. Somerset Maugham's novel of the same title, tells a story within a story and presents Deanna in a dual characterization — a worldly cafe entertainer, and a charming bride whose world collapses about her when her husband of six months commits murder.

The film introduces Deanna singing a torch song in a tawdry New Orleans cafe, and reveals her earlier years in flash-backs as she relates the story of her life to a young Army lieutenant.

Songs in the picture are held to a minimum. There are only two, Irving Berlin's "Always"—which the star sings twice—and an original by Frank Loesser, "Spring Will Be A Little Late This Year". However, these numbers are made outstanding by the fact that Deanna sings them in a torch style never before employed by her.

Gene Kelly, who co-stars with Miss Durbin, gives one of his finest performances as her husband. Kelly is completely charming and yet thoroughly convincing as a killer moved more by weakness than malice.

Richard Whorf as a newspaper reporter, Dean Harens as the young lieutenant, Gladys George as the cafe proprietress and Gale Sondergaard as Kelly's mother, all come forward with outstanding performances in exacting roles.

Robert Siodmak's extremely understanding direction gives tremendous force to the story.

Bye, Bye Blues

Blue tokens are now valid only in groups of ten, Kenneth R. Lowell, OPA District rationing executive, reminded housewives, this week, as retailers stopped giving blue tokens as ration change.

After Saturday, September 30, blue tokens will be of no value whatever to the consumer.

Ration change for blue stamps is unnecessary now, OPA pointed out, because the new point values for processed foods effective Sunday have been set in multiples of ten.

From now until September 30 if housewives have fewer than ten tokens they may pool their blue tokens with a neighbor to make ten in order to obtain rationed processed food.

Although, after September 30, housewives cannot use their blue ration tokens, retailers have an additional 9-day period in which to dispose of tokens in their possession.

Through October 9, retailers can deposit blue tokens in ration bank accounts, or exchange them in multiples of 250 for a ration check at a ration bank, or exchange them at local War Price and Rationing boards for other forms of ration currency. Beginning October 10, OPA said, grocers cannot use blue tokens at all.

What's the Rush?

IT'S THE TELEPHONE RUSH.

Every night thousands of service men and women dash to the nearest telephones to talk with families and friends at home. Most of the Long Distance calls from camps and naval stations are crowded into a few short hours.

Many circuits are likely to be crowded at that time and it helps a lot when you keep the lines clear from 7 to 10 for service men and women.

REGISTER! REGISTER!

Our nation is quite proud of its democratic institutions. In a world where tyranny and fascism still hold extensive sway, we boast of our adherence to majority rule.

The fact is, however, that in our elections we rarely, if ever, have an expression of rule by the majority of all the citizens. What we have is rule by a majority of those who cast their ballots. But even in the hottest contests, especially the Presidential election, it is most unusual for more than two-thirds of the registered voters to actually exercise their privilege. This, of course, still leaves the uncounted tens of thousands who never even bother to register.

All of this leads up to the point that registrations for the elections of November 7, close in California, September 28. Every citizen who has not already done so should register on or before that date and then follow through by voting, November 7.

Excuses for failure to register or vote don't count in the balloting!

MUNICH

Six years ago in late September a thin man with a bird-like face stepped from an airplane at London's Croydon airport carrying a black umbrella in one hand and a white piece of paper in the other. He had just returned from Munich.

The black umbrella was a familiar sight to the happy crowd that surged about him. To the people it had become as much a part of Neville Chamberlain, then Prime Minister, as his graying mustache. But the white piece of paper . . . The crowd quieted expectantly as he held it up to read from it. The German Fuehrer, it said, and the Prime Minister were agreed that their two nations need never go to war.

There was a burst of frenzied cheering. "It means peace in our time," he cried. But neither he nor the people really knew Adolph Hitler—yet.

"Peace in our time." Those words echo strangely in the halls of history, crowded with the tremendous and tragic events of the past six years.

Today the world asks: Was Chamberlain putty in the hands of Hitler? Or did he bargain for time to re-arm Britain knowing that war was inevitable? Would Britain have survived if the war had begun in 1938? Was Chamberlain a weakling or the savior of civilization?

These are questions which time may or may not answer.

OUR CONDUCT ON "V-DAY"

Governor Warren has urged that celebrations held when the war in Europe ends should be of a "patriotic and spiritual kind."

Civic leaders in one community declared, "We feel that when the day arrives . . . we follow a program directed to reverent thanksgiving . . . and celebration be held to a minimum."

Let us make it a day of work and worship, a day dedicated to the memory of those who have made the supreme sacrifice," was the appeal of the Seattle Council of Churches and Christian Education.

These statements should be heeded, especially by those who now feel that the end of fighting in Europe should signalize the start of a wild exhibition of drinking, shouting and street parading.

On "D-day," millions of Americans gathered in churches to pray for the protection and success of our armies. Others, in offices, stores and factories observed a moment of silent prayer. Why should we not do the same thing on "V-day"? Is it consistent to go to the tabernacle to pray for victory, and then visit the tavern to give thanks for that victory?

This does not mean that we should suppress our happiness. Far from it. But happiness can be adequately expressed without the aid of a bottle or boisterous babbling.

What is more—the defeat of Germany will still leave Japan to be dealt with. And only those who have met the Japs muzzle to muzzle know just what that means. Members of one labor union have pledged not to leave their jobs on "V-day" in order that production for the Pacific front will not be hindered. Their example will be a good one to follow.

So let us make "V-day" an occasion for renewing our efforts and our determination to see "this whole thing" through to a quick and successful conclusion. Let us "observe" it in our hearts instead of "celebrating" it on the streets.

Mrs. America Meets The War - -

Remember, Mrs. America, you'll be using only blue stamps instead of the little blue tokens after October 1 for canned fruits and juices, tomatoes, catsup and chili sauce—so hurry and use up those remaining blue tokens between now and the end of the month, for they won't be any good after that. And OPA says it's okay to pool your few remaining blue tokens with a neighbor to get the required ten. Who gets the food is up to you to decide!

Does your family go for baked onions or thick slices of sweet Bermudas with their hamburgers? Then you'll receive with glad acclaim news from the War Food Administration that even heavy Government war needs will not use up the bumper crop. So we're all urged to store maximum quantities of the tear jerkers during the peak of the crop, and to increase our files of onion consuming recipes.

Have you noticed how many more things are appearing on store shelves in glass containers? That's because the War Production Board has released more glass for civilian use. The availability of glass containers for packaging most foods, drugs, and health supplies is now unlimited WPB says.

"To market, to market, to buy a fat pig—" and if you treat Mr. America to juicy, meaty spareribs your red points won't suffer any loss. Spare ribs are just one of the many point free cuts of meats—and what better Sunday dinner could you imagine than spare-ribs, baked sweet potatoes, and corn bread? No points—low cost—the housewife's dream!

Did you know that—Irish potatoes stored in light will turn green and taste bitter? They will turn into sugar and taste sweet if kept at temperatures below 40 degrees Fahrenheit? They will spoil if frozen? They should be stored in a cool, dark place where the temperature does not rise above 60 or fall below 40 degrees.

"It's an ill wind," my grandmother used to tell me, "that doesn't blow someone some good." So now the tin shortage has been the means of increased production of the June bride's stand-by, the can opener. In recognition of the seriousness of the tin shortage, and in order to assist in the salvaging of tin cans, the War Production Board has authorized the production of household can openers increased by 50 to 100 per cent. Remember, Mrs. America, those tin cans are weapons of war!

Many Organizations Favor Proposition 9

With teacherless classes, crowded classrooms and double shifts in many schools emphasizing the danger of a breakdown in California's elementary school system, John F. Brady, president of the State Council of Education, announced today that scores of organizations have joined in the campaign for Proposition 9 on the November ballot, which is designed to cope with the crisis.

The ballot proposal, known as the Better Schools Act, would increase State support of the grade schools from $60 a child per year, to $80, to aid the schools in securing additional teachers, and to relieve the burden on local taxpayers in tax-poor school districts.

Four stars to Margery Sharp for her creation of one of the most unique and lovable heroines of the year—Miss Cluny Brown, who appears in her novel, "Cluny Brown," a Book-of-the-Month Club selection for September.

MARGERY SHARP

Cluny Brown is the niece of a London plumber, and people are always saying of her, "She doesn't know her place," and saying to her, "Who do you think you are, Cluny Brown?"

What does she do that's so outrageous? Well, for one thing she goes to the Ritz for tea. Imagine, a plumber's niece going to the Ritz. It just isn't done. But Cluny saved up two-and-a-tanner and went, all on her own, just to see what it was like.

What Cluny needs is taming down, her Uncle Arn decides, and he arranges for her to go into service as a parlormaid at Friars Carmel in Devon. That ought to settle her, he thinks. But it doesn't.

She has never lived in the country before, and it is a source of endless delights to her. One day, after she has played truant for two hours, simply to look at lambs, Mrs. Maile, the housekeeper, decides it's time to give her a dressing down. She does this exceptionally well; generations of maids had been reduced to tears in an average of five minutes, and to penitence in ten. Grimly, she allots Cluny fifteen. "Who do you think you are?" she begins, which is a mistake, because that remark immediately sets Cluny off to think of all the train of events that had brought her there. When she has finished, she asks the girl, "Well, what have you to say for yourself?"

"I do wish Uncle Arn were here," sighs Cluny. "Why do you say that?" the housekeeper asks, more gently now. "I would like him to see the lambs," comments Cluny. After that, Mrs. Maile gives up. Parlormaids really are very hard to find these days.

Margery Sharp, author of "Cluny Brown," "The Nutmeg Tree," and other novels, is English, though she was married in New York—to Geoffrey Castle, now a captain in the British Army. The best man at the wedding was the actor, Robert Morley, who was playing currently in "Oscar Wilde," and also in the screen version of "Henry VIII." One of the guests, arriving late, saw Morley standing on the church steps. He reminded her of some historical figure, but in the flurry of the moment she couldn't decide just which one. "Who is that man?" she whispered to the first person she could reach. "Why, don't you know?" was the reply. "That's Oscar Wilde." According to the story, the guest left hastily, presumably to puzzle out things in quiet.

Appoint Robert Gros To War Chest Position

The appointment of Robert R. Gros, nationally known publicist lecturer as War Chest public relations chairman for 25 northern California counties was announced today by B. V. Sturdivant, California War Chest Public Relations chairman.

Gros, who is manager of the publicity and advertising department for Pacific Gas and Electric company, will meet with public relations and county chairmen to coordinate the activities of each section. He will work closely with community leaders in planning the October 9 to November 11 fund raising campaign for which California's quota has been set at approximately $20,000,000 to cover the needs of USO, War Prisoners' Aid, United Seamen's Service, American Field Service and 18 United Nations Relief Agencies and local home front causes.

An honor graduate of Stanford university, Gros is widely known throughout California for his frequent addresses on current affairs and his activities in newspaper and public relations circles. Gros will undertake some speaking assignments for the War Chest, basing his appeals on behalf of the War Fund drive on his first-hand study of current affairs through interviews and personal contact with the foremost personalities of the day.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

A job with a locomotive to help you

Work for a company whose biggest job is still ahead

This job pays about $220 base pay after a couple of weeks of training. It's a job for an active man who doesn't like dull routine and who does like to see things move. The job: switching railroad cars, trains . . . coupling 'em, shunting 'em on to sidings . . . freights from all over the country, loaded with guns, tanks, war materials. You'll work with an engine crew (good guys if ever there were any), have a locomotive to do the heavy work. Remember, Southern Pacific's biggest job is still ahead . . . handling the ever-increasing war load for the drive in the Pacific. Your work will be vital. Railroad pass privileges. Fine pension plan. Medical services. The kind of job you can be proud of. Look into this today. (Student Brakemen needed also. Pays about $220 per month, after short training.)

See or write S. P. Employment Office, 33 California St., San Francisco 11, or your nearest S. P. Agent.

Things you may not know about a busy western neighbor

Southern Pacific has been a part of western life for three quarters of a century. We've had our share of brickbats, and we've had our share of praise. Mostly we've been taken pretty much for granted, like the paper boy or the milkman.

Since Pearl Harbor, though, people generally have regarded Southern Pacific and the other railroads with new understanding and appreciation. Now, when the chips are down, they seem to realize how indispensable the railroads really are.

Because of Southern Pacific's strategic location in relation to the war against Japan, we have been called upon to carry an enormous westbound burden. In addition, we are handling vast quantities of raw materials and finished products of greatly expanded western industries, plus an abnormally large eastbound movement of foodstuffs.

The six facts below may help explain the unprecedented burden we are carrying, and why our service to civilians is not as good as we'd like it to be:

1 In freight and passenger volume, Southern Pacific is the third largest railroad in America. Only the Pennsylvania and New York Central are carrying a bigger load than Southern Pacific.

2 Southern Pacific's 15,000 miles of line (more than any other United States railroad) are predominately single track, requiring the most accurate and exacting kind of railroading.

3 Southern Pacific serves more military and naval establishments than any other railroad in the U. S. From New Orleans to Portland an endless chain of air bases and encampments adjoins our line.

4 We serve more military meals to personnel of the armed forces than any other *two* U. S. railroads combined. And, of course, service men and women have first call on our restricted ration points.

5 Southern Pacific crosses innumerable mountain ranges, and has to climb more major summits than any other U. S. railroad. It takes more locomotives to pull trains up steep mountain grades.

6 Southern Pacific has the main north and south line along the Pacific Coast, serving the principal ports of embarkation from San Diego to Portland. Naturally, troop trains must come first with us.

were released, after spending the rest of the night in jail, to a chief petty officer from Tanforan.

The local police handled several stolen car reports, recently. September 14, 11:30 p. m., Myrlene Dickson, 493 Evergreen avenue, discovered that the Ford coupe she had parked in front of 6233 Mission street while attending the Daly City theatre was gone. The police department here notified the San Francisco Police and broadcast the theft. The car was recovered the next day in the city.

September 16, 10 p. m., Milton Henke, 4442 Kirkham street, San Francisco, parked a 1933 Austin coupe in front of 22 Hillcrest drive. It was stolen between 9 and 10 p. m. Local officers, assisted by the San Francisco police, broadcast the disappearance. The car was recovered at San Francisco Golf course.

Officer Henry Sundermann jr. investigated a theft reported by Mrs. Stahlman, 359 Lowell street, September 15 at 10:15 a. m. While Mrs. Stahlman was house cleaning at the back of her house someone entered an open bedroom window and made off with a wallet on a dresser about 10 feet from the window. Taken were $18, A and B gasoline books, social security card, and miscellaneous papers.

James Dake, 154 Beverly street, San Francisco, brought a runaway horse he caught on Junipero Serra boulevard to local police headquarters, September 17, at 6:45 p. m. Officers found that the owner of the horse was Richard Ribero, 433 Fourteenth street, San Francisco.

Officer Sundermann took a report on a Daly City child being treated for dog bite at Alemany Emergency hospital, September 17, 1:45 p. m. The lad, 4-years-old, was Jimmie Tarantino, 141 Alexander street, who had been bitten on the lower lip by a dog while playing. Neither the parents nor the officer were able to locate the dog or its owner.

Sergeant Ricco Benedetti took Dorothy Cade, 12, 107 Hillcrest drive, to Alemany Emergency hospital, September 18, 6:30 p. m., when her pet, a cat, bit her on the right arm above the elbow, drawing blood.

Stuehler will receive his degree at commencement exercises to be held, September 22, in the Joslyn Memorial.

Stuehler is a member of the Naval Training unit at Creighton and he will take oath as a commissioned officer during the commencement exercises.

He attended Jefferson Union high school and graduated with the class of 1930. Before entering Creighton, he attended San Mateo junior college and the University of California.

Dr. Stuehler will intern in the U. S. Naval hospital, Mare Island, California.

Board Up To Date

staff will be available to handle the requests of late-comers.

"Please don't telephone to this office about your 'A' books!" Miss Blue stressed.

Those who were late in applying will get their books when the board personnel can get the work out and those who did have their applications in on time should wait until at least tomorrow to begin checking the possibility that their books went astray or were delayed, she pointed out.

ATTENDS MEET

Arthur Bodien, superintendent of the Daly City Water department, attended a meeting of the San Mateo County Planning commission at Redwood City, Friday, September 15. He reports that the commission, of which he is a member, is nearly ready to make public announcement of its master plan for post-war work projects.

ABOUT THAT PAPER

(Continued from Page 1)
for one or two youngsters to carry you are invited to take it to the school nearest your home at first opportunity.

Or supposing you just haven't time to contact a youngster or gasoline to drive past the school, there's still a way for you to get that paper back into circulation. Daly City Post No. 410, American Legion, is conducting a waste paper drive. Arrangements will be made to pick up your collection if you will telephone August Hansen, RAndolph 5951; Emil G. Pahlka, RAndolph 9050; John J. Derungs, DElaware 4564.

For either the junior or senior collectors the paper should be tied in neat bundles approximately one foot high.

Daly City has no street collection of waste paper.

R. L. Crane jr., superintendent of schools and chairman of the Salvage for Victory committee, reveals that the collection of tin will be resumed shortly through the cooperation of the schools and householders are urged to save all tin cans for salvage purposes.

News From Local OPA Headquarters

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board.)

The column this week will be short as all available manpower at the board is being utilized to handle the tremendous volume of new "A" books being issued. With only about one-third of the books mailed, all board members and every available volunteer is working days and nights checking applications, filling out books and mailing. By the time this reaches you we hope you have your "A" book, and that we are over the peak load in the issuance of new "A" books.

The young women working on the counter at the local board have requested that we inform you through this column that they have no authority to O. K. or reject applications of any kind. Their job is to see that the applications are properly filled out, placed before the proper panel of the board, and mailed. This panel is composed of volunteer workers —your neighbors and other citizens of this community. They, and they alone, are empowered to O. K. or reject your applications in accordance with rules and regulations set down by the OPA in Washington. Please remember this when bringing applications to the board. The young women are more than willing to help you all they possibly can, but they cannot O. K. or reject applications.

Talking about volunteer work —word comes from San Diego that a group of veterans at the Naval Hospital, recovering from wounds and battle strain, with the consent and cooperation of the physician in charge, do volunteer work at the local board. They have found that volunteer work at the War Price and Rationing board is excellent therapy.

Announce Quota For D. C. War Chest

(Continued from Page 1)
Catholic Charities and Salvation Army—but it also aids the USO, War Prisoners' Aid, United Seamen's Service and other Allied front agencies."

Superior Judge Aylett R. Cotton is chairman of this year's campaign. He says, "We must realize that in supporting the San Mateo County War Chest we are contributing to a cause which aids both the war front and the home front. We are given the opportunity of making one big contribution at one time to many worthy agencies which we have supported in the past at different intervals. Give now, once and for all time, to your home front and war front organizations."

With that appeal ringing in their ears, patriotic civic leaders throughout the county, from Daly City to Menlo Park heeded the call for support of the chest and were predicting that at the close of the two week campaign in October ample proof would be submitted in the way of contributions to show that San Mateo county's obligation to community welfare would be met by generous contributions from its citizenry.

Colma's Quota

Mrs. Alma Garibaldi, chairman, and Mrs. M. Pauline Brown, co-chairman, have received notification from the San Mateo County War Chest of Colma district's quota for the big October drive. It is $2,150.

Workers are now being organized for the canvass of Colma incorporated and Colma unincorporated.

Superior Court Finds Chan Guilty

Herbert P. Chan, alias Ching Hong, San Francisco Chinese, originally arrested at a Daly City auto court, July 3, on narcotics charges, was found guilty in superior court of San Mateo county, Friday, September 15. He was sentenced to San Quentin for a term prescribed by law for possession and transportation of narcotics. His companion at the time of his arrest, Ernestine Brundage, alias Frances Laurance, petite 26-year-old white woman, was sentenced to 90 days in the county jail on a charge of possession of narcotics.

Chan previously served three years in Leavenworth prison on a similar conviction. Ralph V. Armstrong, chief of the state narcotics division, participated in the apprehension of the two in Daly City and brought them to the local police department for booking.

Plan Special Drive To Up Registrations

As its contribution to the drive to get residents to register to take part in the November 7 general election before the deadline, September 28, is past, the **Roosevelt, Downey, Johnson club** of Daly City, is sponsoring a special drive, Sunday, September 24. Between 10 a. m. and noon, members of the club will call on Daly City householders advising them of where a registrar may be conveniently found and urging them to register promptly.

To a man who wants a better job

If a job means something more to you than just putting in time . . . if who you work for is as important as what you do . . . then you are the man we'd like to talk to. Here at Southern Pacific there is a fine opening for you—and in the work of your choice. There are jobs for experienced machinists, carpenters, boilermakers — for craftsmen of all kinds. Jobs for semi- or unskilled men . . . and at many points, good clerical jobs. Remember, when Germany's finished, S.P. will have more work than ever . . . rolling the war westward in the Big Push against Japan. Whatever job you take at S.P. will be a vital job . . . and will have that interest and excitement to it that is always part of railroading. Good wages. Friendly people to work with. Railroad pass privileges. Fine pension plan. Medical services. A job with S.P. you'll find, is a real job. Look into it now.

- *clean out furnace cold-air return*
- *clean out floor furnace pit*
- *replace furnace filters*

Is your heating equipment ready for winter duty? Have you slicked-it-up for clean, healthful and efficient delivery of the heat you will need?

It will pay you to look at your furnace filters and replace them with clean, new filters—your heating dealer has them. It will be worth a sneeze or two to remove your floor furnace or cold air return grill and clean out the floor pit. And you will find that if you do this every six months there will be less dusting to do in your home. Then too, you will be getting more heat and burning less gas.

Why not tackle this job next week end? You will be glad you did all winter.

The California gunner flew his first mission, last May, when 15th AAF heavy bombers attacked a Nazi airfield near Bucharest, Rumania. His most recent mission was the pre-invasion attack against the enemy gun emplacements at Toulon, France.

"About the most exciting mission that I was on was a raid on the Ploesti, Rumania, oil installation, last July," Sergeant Goodpasture recalled. "Everything was quiet and peaceful until we were squarely over the target. Then, the Jerries opened up with a barrage of flak that was terrific. It hit our ship in numerous places, but we still remained in formation and let our bombs away. Boy, what a relief to get out of that 'flak alley' without any severe damage to the crew members or the ship!"

Sergeant Goodpasture has been awarded the Air Medal with three oak leaf clusters for "meritorious achievement in aerial flight in sustained activities against the enemy." He also is authorized to wear the European-African-Middle East Theater ribbon with one campaign star.

Following close on the heels of the presentation of the fourth Bronze Oak Leaf Cluster for his Air Medal, came word of promotion to the rank of first lieutenant for **Michael C. Callan,** 24, son of Thomas J. Callan, Colma. News of the two honors came from the 15th Army Air Force headquarters.

A bombardier, Lieutenant Callan is stationed in Italy with the Liberator bombardment group which has struck at Axis installations in Germany, Austria, France, the Balkans, and northern Italy in more than 80 long-range bombing assaults.

Callan is a graduate of Jefferson Union high school and St. Mary's college, Moraga, California. At St. Mary's, Callan was a member of the basketball squad. He entered the service, May 11, 1942, and was stationed at Langley field, Virginia, prior to leaving the United States.

The citation which accompanied the fourth Oak Leaf Cluster said "for meritorious achievement in aerial flight while participating in the sustained operational activities against the enemy." Callan has taken part in raids over such vital targets as Ploesti, Vienna, Steyr, Toulon.

Grass Fire Threatens To Get Out Of Hand

For a time, Tuesday afternoon, September 19, the entire hillside near Reservoir No. 3 was threatened by grass fire which spread with such speed that it jumped the road. Quick action on the part of Company No. 1 and Company No. 2, Daly City Fire department, and the Colma Volunteer Fire department, brought the situation under control. The alarm was turned in at 2:23 p. m. from Box 38. Supervising the battle to extinguish the blaze were Fire Chief Andrew P. Chesney, Assistant Chief Arthur Bodien and Battalion Chief Elmer Kennedy.

An alarm came in from Box 35, Thursday, September 14, at 1:05 p. m. calling out Company No. 1 and Company No. 2, Assistant Chief Bodien and Battalion Chief Kennedy. It was a grass fire at Miriam street and Citrus avenue.

One of the few unsolicited war posters ever accepted by the United States Government is the one shown above, submitted by Wesley Heyman, 26-year-old New York City artist.

More than 700,000 have been printed and distributed by more than 100,000 Boy Scouts throughout the country.

Rejected for military service, Heyman, Assistant Art Director of House Beautiful magazine, felt he could materially contribute to the war effort with his poster design.

It Was Their Idea And They Really Made It Successful

That youngsters like to do their share and if given opportunity will do even more than their part was demonstrated, this summer by Girl Scouts and Brownies who spent their Saturdays at a bond booth arranged through their own efforts in front of Warshawski's, 6340 Mission street. After their success at the Daly City theatre during the Fifth War Loan drive, the girls suggested to their leaders that they'd like to continue helping Uncle Sam with sales of War Bonds and Stamps. The popular Saturday sales booth was the answer.

From July 29 through September 9, the girls sold $433.15 in stamps and $450 in bonds. As long as the weather is good they will continue the project. Local residents are invited to do their bond and stamp purchasing, Saturdays, from the Brownies and Scouts.

Uncle Sam's small but enthusiastic saleswomen during the vacation period included the following girls:

Lona Biggs, Barbara Beck, Dolly Benning, Barbara Shipman, Delores Dillaboy, Alice Schultheis, Rosalie Musante, Jacqueline Berardy, Carol Olson, Helen Cooper, Kathryn Heggelund, Ferol Walrod, Shirley Van Vliet, Nancy Banfield, Claudia Rowley, Barbara Marsh, Shirley Shreve, Georgine Tunstall, Girl Scout Troop No. 2; Theresa Mabon, Patricia DelDegan, Marjorie Kruse, Geraldine Borelli, Girl Scout Troop No. 1; Lois Rentsch, Girl Scout Troop No. 4.

Helen Hankerson, Janet Eschenauer, Barbara Hesselein, Dixiene Schultheis, Corrine Noble, Shirley Saame, Beverly Heagney, Joann Clement, Kathryn Kennedy, Betty Marsh, Louise Banfield, Joan Van Vliet, Joan Beecher, Brownies No. 8; June Prescott, Brownies No. 7; Mary Jo Lawton, Shirley Melicker, Francine Vaznaugh, Mary Jane Schaler, Brownies No. 9; Marjorie Duncan, South End Brownies.

Dr., Mrs. Lantheaume Parents Of Son, Friday

Michael Peter is the name chosen for the son born, September 15, to **Dr. and Mrs. William J. Lantheaume.** Associates at the Daly City Dental-Medical center where Dr. Lantheaume, local dentist, maintains his office, report that the father is "doing nicely."

Dr. Lantheaume is a member of the Daly City Lions club.

"17 Babies this week—and he hasn't seen his own grandson!"

"TONIGHT the Doctor was hoping to finish early, so he could take a two-hour train trip and snatch a look at his new 4-day-old grandson. But no—the phone caught him again. So now he's off to deliver Mrs. Johnson!"

Doctors have always been 'round-the-clock men. But since Pearl Harbor, with half of our physicians in the armed forces, each civilian doctor is more in demand than ever. He is on call today to an average of 1700 people.

Your doctor's minutes may be lifesaving time . . . too precious to waste. Help him save time for people who need him urgently, for yourself in an emergency, by remembering these four helpful things when you are ill:

PHONE HIM FIRST. Tell him as clearly as you can what's wrong. Let him decide whether he should come to see you, or you should go to him.

GO TO HIM whenever you are able. House visits take lots of your doctor's time—time when someone else may really need him urgently.

KEEP YOUR APPOINTMENT promptly, don't postpone it; make it at his convenience, so that he can plan his crowded hours better.

FOLLOW YOUR DOCTOR'S ADVICE to the letter—so that your trouble doesn't drag on, get complicated, or need extra attention from him.

SAVE YOUR DOCTOR'S TIME IN WARTIME!

GIRL SCOUT NEWS

New Brownie Troop

Girls 7 to 10 years of age who live in the southern section of Daly City are issued an invitation to join the new Brownie Troop under the leadership of Mrs. Ruth Rowley, 19 West Cavour street. An active program of instruction and play is planned for the fall season.

Any youngster who wishes to enter the troop may contact Mrs. Rowley at ELkridge 4042. A number for the Brownie Troop has not been assigned officially as yet but it will probably be No. 10.

Troop No. 4

Girl Scout Troop No. 4 has begun work on the horse riding badge and members will spend a number of Saturdays mastering the technique of riding properly, according to Mrs. Edna VanVliet, leader.

At their meeting, Wednesday, September 13, the girls presented Mrs. Lucille Lemon, leader of the group for the past several years, who just recently resigned her post, with a beautiful bouquet of flowers.

Brownies No. 9

Taking advantage of the splendid weather, members of Brownie Troop No. 9 spent Wednesday afternoon, September 13, at Marchbank park, playing games. Nineteen girls participated, supervised by Mrs. Betty Eschenauer, leader.

The troop now meets on Mondays, rather than Wednesdays, at the new Scout House, Mission and Theta.

Leaders To Meet

Daly City Girl Scout and Brownie leaders will hold their regular monthly meeting, Monday evening, September 25, 8 o'clock, at the home of Mrs. Ruth Rowley, 19 West Cavour street.

All leaders are urged to attend as many details of the fall program are to be worked out at the conference.

Invitation To Girls Who Are 10 To 12

Girls, 10 to 12, will be given opportunity to join Daly City intermediate troops following fly up ceremonies for two sets of Brownies to be held late this month.

After the fly up ceremony of Brownie Troop No. 8, Friday, September 29, Mrs. Elsie Hesselein, assistant leader, will form a new Girl Scout Troop and there will be room for newcomers as well as the graduating Brownies. Mrs. Hilda Heagney will continue as leader of Brownie Troop No. 8. Last week, Brownie Troop No. 8 trimmed the hedges at the new scout house, Mission and Theta. (Incidentally, donations of tables, chairs, bookcases, chests, or a phonograph are still needed by the two scout meeting centers of the city. Anyone wishing to help may call Mrs. Betty Eschenauer, RAndolph 3474).

The other new Girl Scout Troop will be formed in the Crocker tract, following the fly up ceremony of Brownie Scouts No. 7. Leader of the new troop will be Mrs. Muriel Pabst, DElaware 7657, who may be contacted by girls interested in joining. Assistant leader will be Mrs. Cecelia Hale, DElaware 9415, who has been assistant Brownie leader.

Prospective members will visit three regular meetings of the troop, Fridays at No. 5 firehouse, Oliver and Bellevue, before joining.

Cold Days Ahead!

By Frances Lee Barton

HOT days are coming, but remember there are always cold days ahead. Stock up with jams and marmalades as the various fruits and berries appear locally. Here's a strawberry treat for next winter—if your menfolk will leave it on the shelf that long:

Strawberry Marmalade

4 cups (2 lbs.) prepared fruit; 7 cups (3 lbs.) sugar, ½ bottle fruit pectin.

To prepare fruit, peel off yellow rind of 2 medium oranges and 2 medium lemons with sharp knife, leaving as much of the white part on fruit as possible. Put yellow rinds through food chopper. Add ½ cup water and ⅛ teaspoon soda, bring to a boil, and simmer, covered, 10 minutes. Cut off tight skin of peeled fruit and slip pulp out of each section. Add pulp and juice to rind and simmer, covered, 20 minutes longer. Crush thoroughly or grind about 1 quart fully ripe strawberries. Combine fruits.

Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Mix well, bring to a boil, and boil gently 5 minutes. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes, to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 10 glasses (6 fluid ounces each).

STUDENT ACTIVITIES UNDER WAY AT JEFFERSON HIGH

By VERNA MORESCO

SURPRISE VISITOR

Surprise visitor of the week at Jeff was Dorothy Sanderson, former English teacher at Jeff and now an ensign in the WAVES, who is stationed at Washington, D. C., with the Bureau of Naval Personnel.

Ensign Sanderson left Washington, Saturday, September 6 with 13 days leave, and arrived here last Wednesday.

When asked for any comments as to how she liked Washington she replied, "Washington is wonderful, and everything that has been said about Washington is true." She also stated that "it was good to be back."

Ensign Sanderson enlisted, January 9, of this year and received a two months training course at Northhampton, Massachusetts, from which she was graduated as an ensign.

October 7, Ensign Sanderson has arranged to meet Miss Mary Bergquist, former mathematics teacher, now at Northhampton receiving her training, in New York for a gala week-end. Miss Bergquist will be a midshipman then.

Here's something for the girls: Ensign Sanderson advised the girls to join the WAVES because it's "wonerful".

ASSEMBLY

Tuesday, September 19, a picture entitled "The Formica Story" was presented in assembly.

The film, in technicolor, gave a colorful, interesting, and detailed idea of what has been done with laminated plastics and what useful qualities they have that will adapt them to future uses.

The film, "The Formica Story" was directed by Charles De Laska, written by Ralph Schoolman, and narrated by Ed Herlihy and Stanford Lewis.

SCHOOL STORE

This term the school store has been taken over entirely by females. Those who have been working there are: Rita Lozano, Louise Terry, Pat Marocco, "Tiny" Clement, Eva Claus, Corrine Cuneo, and Kathleen Day.

In spite of the fact that supplies are being furnished free to the students and are not sold at the store, business is still good.

LIBRARY

On display, last week, on the library walls were six beautiful Covarrubias maps. The original Covarrubias maps were first shown at the World's Fair in '40.

These colorful maps depict the dwellings in the Pacific area, the fauna and flora of the Pacific, art forms of the Pacific, peoples of the Pacific, economic life of the Pacific, and means of transportation.

KEEPING THINGS QUIET!

Did you know that Jeff's own student body president, Emile Lemoine appeared on Buddha's Amateur hour during the summer? He not only appeared on the program, but was given an introduction to see Jimmy Dorsey.

STAMPS 'N BONDS

Stamps and bonds advisor for this term is Miss Margaret Cornahrens, mathematics teacher at Jefferson.

Students selling stamps this week were: Louise Terry, Eva Claus, Doris Vernengo, Barbara Gregor, Lois Rich, and Verna Moresco.

No plans as to bond drives and stamp sales have been decided upon as yet.

INDIANS OF RHYTHM

After a 3 month vacation it will take a while for the Indians of Rhythm to get rolling again, but it is sure that the band will be ready to play for the first dance.

Many of the band members, far from giving up their music this summer, worked with professional bands.

There have been tryouts for vocalist, this week.

C. S. F.

The first meeting of the C. S. F. this term was scheduled for Wednesday, September 20, at which time the election of officers was to be held.

Membership so far this term includes: Barbara Blecher, Verna Moresco, Betty Whitely, Betty Pistohl, Lorraine Sanders, Peter Ratto, Elisa Paradiso, Ann Robertson, Shirley Miller, Donna McCoy, Earl Odell, and Irene Iverson.

ABOUT SCHOOL

Class elections were to be held today. Results will be announced next week.

No, those aren't new hair styles the girls are wearing this week—they only went swimming.

The new student body cards are now on sale. The cover for the card features a football player. The inside of the card includes the football schedule for the fall term and student body officers.

Students, you don't have to buy supplies, any more, so why don't you help buy some supplies for the boys over there by putting that extra change into war bonds and stamps!

EXECUTIVE MEETINGS

Unable to complete everything in one meeting the executive board held three meetings this week, with President Emile Lemoine presiding.

Coach Marion Hall brought befor the board the plan of the C. I. F., an athletic protective association. Providing 90 per cent of the members of the football squad join this organization, boys injured in sports at school may receive medical aid. The cost for each boy playing football is $4, which insures him for the period of one year. Boys participating in other sports may receive the same benefits for the same amount of time by paying $2. It was suggested that half of the total amount be paid by the student body. It was unanimously passed by the board.

Approval of the student body cards and appointment of an entertainment chairman were also discussed. As yet no one has been appointed.

"This splendid roll of endorsements," said Brady, "is reassuring evidence that most of our outstanding organizations in California recognize our schools must keep pace with our great growth in population, and are determined to avert the threatened breakdown in our elementary school system."

Miss Vireno Wins War Dept. Award

Miss Mabel A. Vireno, 6196 Mission street, Daly City, was recently awarded the War Department's Civilian Service Award for service at Headquarters, San Francisco Area SCU 1903. Colonel Harrie S. Mueller, commanding officer of the unit, presided.

The decoration is awarded in recognition of satisfactory service for a period of six or more months with the War department.

Native Daughters To Serve At Center

Members of El Carmelo Parlor No. 181, N. D. G. W., will take charge at the Daly City Servicemen's club, 6201 Mission street, for one week beginning, Sunday, September 24. The Native Daughters plan a pleasant week for the boys.

Currently, hosts are members of Daly City Post No. 410, American Legion.

Due to a marked decrease in the number of servicemen stationed nearby, the attendance at the club has hit an all-time low, under sixty per evening. Compared to the former attendance of more than two hundred each night, this is small. However, the lower attendance figure is regarded as very temporary.

Announce Sunday Baseball Contests

Daly City baseball fans will have an opportunity to see local favorites tangle in the 12 o'clock game at Marchbank park diamond, Sunday, September 24. The Daly City Juniors are scheduled to go up against the Bear Photo A's, formerly known as the Bayview AC, and managed by Charles Norry, ex-manager of the Juniors. The afternoon game at 2 o'clock will feature the Alvin Joseph Motors versus Federal Outfitting company.

The Juniors won a close one at the park, last Sunday, when they edged out the Junior Seals with a 4-3 score. On the same date the Bayviews trounced Eagles No. 61 juniors, 10 to 3.

To a Boilermaker about a better job

Maybe you have a wife and youngsters. Maybe you're new out here in the West. And maybe you figure you'd like to connect with a big and permanent company. You know best. Anyway, we'll tell you about the job. It's with Southern Pacific in our big railroad Shops or Roundhouses. General boilermaking on railroad equipment . . . locomotives, rolling stock, etc. Working with "good stuff" on interesting jobs. Keeping the railroad on the tracks, you might say . . . keeping the war trains rolling. A good gang to work with—men you'll like. Men who've found there's something just a bit different about railroading — more exciting, more interesting. New, higher railroad pay. Liberal age limits. Railroad pass privileges. Fine pension plan. Medical services. All of which adds up to a better than usual job with a good outfit. We think you'll like it. How about coming in and seeing us?

JUNIOR COLLEGE

General Paul B. Malone, United States Army (retired), popular radio commentator and lecturer, will speak at San Mateo junior college, Monday evening, September 25, at 7:30. He will discuss the progress of the world war. The meeting, the regular Monday evening forum, is open to the public without charge. A question period will follow the talk.

The junior college and the college adult center are both still enrolling new students for day or evening classes.

Legion Auxiliary Recruits Technicians

Daly City Unit No. 410, American Legion Auxiliary, has answered the U. S. Army's call to help recruit medical technicians. They invite any local woman, who is a citizen of the United States, 20 years of age and under 50, having a high school education and who does not have dependents under 14, to seriously consider enlistment. Full details may be secured from Mrs. Leslie Hansen, RAndolph 5951; Mrs. Mary Crane, RAndolph 6479; Mrs. Marce Trier, RAndolph 6652.

All applicants before final enlistment are interviewed by an Army officer representing the Medical department and, depending upon their qualifications, are advised as to which of the technical duties they will perform. Both medical technicians, ready for immediate assignment, and student technicians who will need training first, are needed.

Major General Norman T. Kirk, surgeon general of the Army, says, "The Army needs 22,000 women immediately to serve as medical technicians in hospitals. As the campaign for liberation of nations under the Axis yoke intensifies, the need for more Army hospital personnel grows by leaps and bounds. The Army Medical department urgently requires the services of patriotic young women for direct assignment or professional training as hospital technicians in the Women's Army Corps."
